- * Transporters
- * Insurer
- * Financial Institutions
- * Lawyers
- * Students

Check your risks and costs

The Incoterms[®] rules are an internationally recognised standard and are used worldwide in international and domestic contracts for the sale of goods.

Port+ is a licensed ICC publisher of the useful two-sided poster (628x297mm, folded in six) highlighting the main INCOTERMS[®] 2020

Published in English, Dutch and French, it defines a series of pre-defined commercial terms that clearly identify the tasks, risks and costs associated with the transportation and delivery of goods.

The posters (628x297mm, folded in six) can also be personalized with your logo and can be used as a business gift.

About Port+

Port+ is an independent maritime information provider that brings together data from various sources into transparant, personalized platforms, services and solutions in order to increase logistical efficiency in the maritime supply chain for all actors involved.
